WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**PETITION TO REVIVE BASED ON UNINTENTIONAL
ABANDONMENT UNDER 37 CFR § 1.137(b)**

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

This is a Petition to Revive for the above-identified patent application. The basis for this Petition is that the application was unintentionally abandoned on September 18, 2009, for the reasons detailed below.

As indicated in the Advisory Action mailed on February 19, 2008, claims 5 and 6 were objected to as dependent upon a rejected claim, but otherwise allowable over the references of record. According to MPEP §

1214.06 and 37 CFR § 1.197, "claims indicated as allowable prior to appeal except for their dependency from rejected claims will be treated as if they were rejected." Because the Board of Patent Appeals and Interferences affirmed the Examiner's rejections of the independent claims in a decision mailed on September 18, 2009, this application is now abandoned in accordance with MPEP § 711.02(c).

In response, Applicant hereby files this Petition to Revive and an Amendment. The Amendment converts claims 5 and 6 into independent format. Thus, the converted versions of claims 5 and 6 should be allowable.

In view of the above, Applicant requests that the Petition to Revive be granted and that examination of the application be reopened.

Respectfully submitted,
KRAMER & AMADO, P.C.
